

Workforce/Education & Training Guide

The Youngstown/Warren Regional Chamber is excited to share its first edition of the Workforce/Education & Training Guide to promote the capabilities of our valued partners. This guide provides a single source of information for businesses that need their services. Through our business retention, expansion and attraction (BRE&A) efforts, we are always pleased to help businesses through the workforce process by sharing targeted lists and making direct introductions to our members for any opportunity.

Economic & Business Development

The guide is available on the Youngstown/Warren Regional Chamber website. Is your company hiring? Contact Melissa Maiorano to discuss these tools and services.
